

Hospital Hopper Staff and Visitor Transport

Timetable Monday to Friday

The service operates between the Ashford and St Peter's hospital sites and is freely available to all staff, patients and visitors. The journey takes approximately 25 minutes outside of the rush hour.

Please note that due to Health and Safety guidelines and the limited capacity of the buses, we have no secure storage for wheelchairs, baby buggies, pushchairs and walking frames. Unfortunately, this means that we cannot accept them on the hopper bus. We would advise that you use the scheduled 555/557 service between sites instead (for which normal bus fares apply).

There is no service on Saturdays, Sundays or Bank Holidays.
